What is Emsi Data?

Emsi data is a hybrid dataset derived from official government sources such as the US Census Bureau, Bureau of Economic Analysis, and Bureau of Labor Statistics. Leveraging the unique strengths of each source, our data modeling team creates an authoritative dataset that captures more than 99% of all workers in the United States. This core offering is then enriched with data from online social profiles, resumés, and job postings to give you a complete view of the workforce.

Emsi data is frequently cited in major publications such as *The Atlantic*, *Forbes*, *Harvard Business Review*, *The New York Times*, *The Wall Street Journal*, and *USA Today*.

Workforce Map

Executive Summary

Light Hiring Competition Over a Thin Supply of Regional Talent

Supply (Jobs)

Frederick County, MD is not a hotspot for this kind of talent. The national average for an area this size is 8,722* employees, while there are 5,572 here.

Earnings Per Job

Earnings per job are below the national average. The national average salary for Manufacturing in an area this size is \$91,447, while in Frederick County, MD it is \$79,820. Earnings per jobs is the total industry earnings divided by the number of jobs in the industry.

Demand (Job Postings)

Competition from online job postings is low in Frederick County, MD. The national average for an area this size is 170* job postings/mo, while there are 152 here.

*National average values are derived by taking the national value for Manufacturing and scaling it down to account for the difference in overall workforce size between the nation and Frederick County, MD. In other words, the values represent the national average adjusted for region size.

Supply (Jobs)

Supply Is Lower Than the National Average

The regional vs. national average employment helps you understand if the supply of Manufacturing is a strength or weakness for Frederick County, MD, and how it is changing relative to the nation. An average area of this size would have 8,722* employees, while there are 5,572 here. This lower than expected supply may make it more difficult to find candidates. The gap between expected and actual employment is expected to remain roughly the same over the next 5 years.

*National average values are derived by taking the national value for Manufacturing and scaling it down to account for the difference in overall workforce size between the nation and Frederick County, MD. In other words, the values represent the national average adjusted for region size.

Retirement Risk Is About Average, While Overall Diversity Is About Average

Retiring Soon

Retirement risk is about average in Frederick County, MD. The national average for an area this size is 1,536* employees 55 or older, while there are 1,634 here.
